

Diamond

Tom Grennan

Deep blue paradise
Everytime you slide right over
Star, straight from the sky
I can feel the sun all over, me

I like the weight of you round my neck
I like that way that you pound my chest
When you're with me I look my best
Got 'em so impressed
Yeah feels like sex

Put you on with a brand new suit ay
Brightest thing in the whole damn room
When you're with me I look my best
Got 'em so impressed
If there's nothing left

I've always got my diamond
Oh she's got me shining
All night
She's a million, one in a million
I've always got my diamond
Glowing right beside me
All night
She's a million, one in a million
Dancing in the light

Na na na na na
Na na na na na
Na na na na, na
She's a million, one in a million
Na na na na na
Na na na na na
Na na na na
She's a million, one in a million
Dancing in the light

She's expensive, so sweet
Send your man to the dentist (I'm a good boy)
Show me to your parents (They're gonna love me)
Ribbons on the walls when she moves
When she moves (When she moves)
I just wanna die in her arms

I like the weight of you round my neck (Ah, yeah)
I like that way that you pound my chest (Uh-huh)
When you're with me I look my best
Got 'em so impressed
If there's nothing left

I've always got my diamond
Oh she's got me shining
All night
She's a million, one in a million
I've always got my diamond
Glowing right beside me
All night

She's a million, one in a million
Dancing in the light

Na na na na na
Na na na na na
Na na na na, na
She's a million, one in a million
Na na na na na
Na na na na na
Na na na na
She's a million, one in a million
Dancing in the light

I like the weight of you round my neck
I like that way that you pound my chest
When you're with me I look my best
