

# Head Up

Tom Grennan

(Yeah-oh-oh)

(Yeah-oh-oh)

I didn't know how to love  
Didn't know I was lost  
Didn't know I was falling apart  
I was alone in the dark  
Then you came into my life  
Shining the light  
You pick up the pieces in me and put them back

I'm standing there with my head in the clouds  
And my feet on the ground  
It feels better now (Better now)  
I'm reaching out for the sun every time  
That I'm feeling like I'm going down

'Cause you keep my head up  
Above the water  
You keep my head up  
Above the water  
Sometimes it feels like you're fighting the tide  
Scared to fall in love with the person you find  
But I met love  
And she keeps my head up

Tired of fighting my way  
Out of the maze  
Always end up at the start  
I needed your hand on my heart  
I remember the time  
I remember the place  
The moment that everything changed  
First time I saw your face

You put my head in the clouds  
And my feet on the ground  
It feels better now (Better now)  
Reaching out for the sun every time  
I still feel like I'm going down

'Cause you keep my head up  
Above the water  
You keep my head up  
Above the water  
Sometimes it feels like you're fighting the tide  
Scared to fall in love with the person you find  
But I met love  
And she keeps my head up

I think I called up all the ways you made a change in me  
And if there's such thing as faith, you're my destiny  
And I know some things are just right but this is meant to be  
Oh, I was drowning  
When you met me

'Cause you keep my head up

Above the water  
You keep my head up  
Above the water  
Sometimes it feels like you're fighting the tide  
Scared to fall in love with the person you find  
But I met love  
And she keeps my head up

You keep my head up  
You keep my head up  
You keep it up, oh  
Sometimes it feels like you're fighting the tide  
Scared to fall in love with the person you find  
But I met love  
And she keeps my head up
