

Not Over Yet

Tom Grennan

(It's not over yet)

Tell me why you're starting a fire
It's burning up in my head
Why do I always tell myself that it's not over yet?
Why you gotta tear my heart out?
Leave me in the rain
Why do I always tell myself that it's not over yet?

When the light fades and the dawn breaks
That's when it's hardest to fix it
When you're lonely and your heart aches
That's when you know what you're missing
Hold up, let me get my story straight
It hit me like a tidal wave
Won't you give me just another day
To tell myself it's not over yet?

Tell me why you're starting a fire
It's burning up in my head
Why do I always tell myself that it's not over yet?
Why you gotta tear my heart out?
Leave me in the rain
Why do I always tell myself that it's not over yet?

Ee-yeah, ee-yeah
Ee-yeah, ee-yeah
Ee-yeah, ee-yeah
It's not over yet

Show me where to look for a halo
Oh, I'm sick and tired of the pain, so
I don't wanna be the one to let go
Oh no
Why is everybody telling me it's over?
Trying to shut the voices out, they're getting closer
Help me stay alive, just so I can show ya
It's not over yet

Tell me why you're starting a fire
It's burning up in my head
Why do I always tell myself that it's not over yet?
Why you gotta tear my heart out?
Leave me in the rain
Why do I always tell myself that it's not over yet?

Ee-yeah, ee-yeah
Ee-yeah, ee-yeah
Ee-yeah, ee-yeah
It's not over yet

Tell me why you're starting a fire
It's burning up in my head
Why do I always tell myself that it's not over yet?
