

Secret Lover

Tom Grennan

Oh, I know that there's another
Be my secret lover
You've been sending the signs
Underneath the sheets
Maybe we can meet
No need to turn off the light

I don't give a damn about what went down before
Oh, be my secret lover, be my secret lover
Underneath the covers, na na na

You told me it was naughty
Tell me something that I don't know
Sneaking meetings ending with you in your bathrobe
Monday mornings, Friday night was a dumb thing
Pretty dirty things

Oh, how could this be wrong
We're on the way
Just having fun
Tell me how could this be wrong
Prime time thrills
Oh, my girls got skills

Oh, I know that there's another
Be my secret lover
You've been sending the signs
Underneath the sheets
Maybe we can meet
No need to turn off the light

I don't give a damn about what went down before
Oh, be my secret lover, be my secret lover
Underneath the covers, na na na

I'm not asking anymore of you
So don't think
I'll be taking you to dinner with my close friend
From the start I say let's not get attached
You were offered that

Oh, I know that there's another
Be my secret lover
You've been sending the signs
Underneath the sheets
Maybe we can meet
No need to turn off the light

I don't give a damn about what went down before
Oh, be my secret lover, be my secret lover
Underneath the covers, na na na

Oh, I know that there's another
Be my secret lover
You've been sending the signs
Underneath the sheets
Maybe we can meet

No need to turn off the light

I don't give a damn about what went down before
Oh, be my secret lover, be my secret lover
Underneath the covers, na na na
