

# Pretty When You Leave

Tom Helsen

Straight up:  
Just leave it at the door  
I've made up my mind  
Many times before  
But I'll wait at the last gate  
And I know that it's too late  
I know

You're pretty when you leave  
Don't turn around (oh man)  
Smile when you talk  
If you don't wanna get caught  
You're pretty when you leave

Wait up:  
Don't tell me  
You want more  
I've walked down the isle  
Many times before  
And I know that it won't change - a thing  
It's not where the heartache begins

You're pretty when you leave  
Don't turn around (oh man)  
Smile when you talk  
If you don't wanna get caught  
Listen to the outlaws  
If you're ready or not  
You're pretty when you leave
