

# Yeah Yeah

Tom Helsen

Always doing the best I can  
And you better not tell it's the last  
I don't need to be part of this end  
I'll just take it away for something more  
I can't be sure

Always making me bend and break  
And you better not give it a rest  
I can take a whole lot more but  
You've been giving in way too fast

Now hold I, turn it down  
And I lost myself in NY  
I said to hold it, turn it down  
Because all you see is no good fortune

I don't need anything  
I'll walk myself in  
Yes I will  
And I don't need anything  
I'll walk myself in

Caught myself in the minor leagues  
And the remedy's caught in a trap  
I don't need to be part of this one  
I'll keep moving along and I said hold it..

And the truth hurts when you cover it  
I let you be a part of it, yeah yeah
