

Love Love Love

Tom Jones

Love, love, love
Why'd you take so long to come to me, oh, baby
Love, love, love
Tell me where you're hiding from me all the time

Each time I try to find someone to take your place
It was all in vain, know their lips were never quite the same,
no baby
When I was kissing someone new
Deep inside I was missing you

Oh, baby, you made me fall in love with you
Now I don't know just what I'm going to do
Oh, honey, look out into empty space
And I see is your sweet face

Love, love, love
You can't imagine what you do to me, oh, baby
Love, love, love
Every time you smile it goes through me all the time

Day by day, I'm falling more in love with you
And that's no lie, cross my heart and, honey, I hope to die, ye
ah, baby
Cause I'm not trying to mislead you
Believe me, darling, I really need you

Oh, baby, you made me fall in love with you
Now I don't know just what I'm going to do
Oh, baby, you made me fall in love with you
Now I don't know just what I'm going to do
Oh, sweet baby, I said that you made me fall in love with you
Now I don't know just what I'm going to do
Oh, baby, you made me fall in love with you
Now I don't know just what I'm going to do
