Tom Jones

Do that to me one more time
Once is never enough with a girl like you
Ohhh, and do that to me one more time
I can never get enough of a girl like you
Ohhh, kiss me, like you just did
Ohhh, baby, do that to me once again
Pass that by me one more time
Once is never enough for my heart to hear
Ohhh, and do that to me one more time
I can never get enough when I got you here
Ohhh, say the words again like you just did
Ohhh, baby, do that to me once again
Do that to me one more time
Once is never enough with a girl like you
Ohhh, and do that to me one more time
I can never get enough of a girl like you
Ohhh, kiss me like you just did
Ohhh, baby, do that to me once again
Ohhh, baby, do that to me once again
