That's All That Matters

Tom Jones

I know I'm not your first love they're just a past memory

I'm the one who's got you now and that's all that matters to me I know other arms have held you but I'm not jealous of these

Mine are the arms that hold you now and that's all that matters to me

I came alive when you came along yes you've brought life back to me

And I don't care what's in your past you're as far as I can see

I know other lips have kissed you and I know you've been thrill ed and pleased

Mine are the lips that kiss you now and that's all that matters to me

Yes mine are the arms that hold you now and that's all that mat ters to me
