

Think

Tom Jones

If I give up the friends I know
And in return
You give up yours
Before we think
What would we do later on?
What kind of life would we have
Just in case we both were wrong

I would give up my woman
You would give up your man
But it don't make sense to
Take the chance
Before we think
What would we do later on?
What kind of life would we have
Just in case we both are wrong?

They say love is a gamble
You know it's true
Why gamble on me?
And why should I on you?
Before we think
What would we do later on?
What kind of life would we have
Just in case we both are wrong?

Think about it
Think about it
Think about it
Think about it
Think about it baby
Before you make a move
Think about it baby
You might wanna stay in your room
Before you wanna make a move with me baby
Think about it
Don't make any sudden moves
There's a lot to think about
IF you go with me
You might not even have a pot
Think about it
Think about it
