Us

Tom Jones

Shame on we, what have we done to us
Who's to blame for what's been ruining us
If not you, maybe me
Where's the glue that could be mending us
Are you ashamed of us

Remember our big day, our friends all toasted us?
Did you believe that they thought then, they'd see the end of u
s?
And tell me where's the love that we made that gave our kids to
 us?

By the way, I heard today
The neighbors know, baby

Friday night, I sat and thought of us
You were right, I can't stop missing us
No, not me, maybe you?
Where's the time we used to spend on us?
Why are we ending us?

The magic sleeps but never dies, do you know that?
Once we were sheltered safe the circle of content
We spent it all to feel
Now it's gone, what did we do with it?

And I can't help thinking that
Once a [?] held to that [?]
There will always be us

The magic sleeps but never dies, do you know that?
Once we were sheltered safe the circle of content
We spent it all to feel
Now it's gone, what did we do with it?

And I can't help thinking that
Once a [?] held to that [?]
There will always be us
