

# We Had It All

Tom Jones

I can hear the wind a blowin' in my mind  
Just the way it use to sound through the georgia pines  
You were always there to answer when I'd call  
You and me, we had it all  
Remember how I use to touch your hair  
Reaching for the feeling that was always there  
You were the best thing in my life, I can recall  
You and me, we had it all

I know that we can never live those times again  
But I let my dreams take me back to where we've been  
And I stay there with you just as long as I can  
Oh it was so good  
It was so good  
It was so good when you were my man

But I'll never stop believing in your smile  
Even though you didn't stay, it was all worth while  
You were the best thing in my life I can recall  
You and me, we had it all

I know that we could never get that far again  
So I let these memories take me on back to where we've been  
And I stay there with you just as long as I can  
Oh it was so good, it really was  
It was so good, oh oh  
It was so good when you were my man

You were the best thing in my life I can recall  
You and me, we had it all
