

# You Can't Stop Love

Tom Jones

I'll give you everything, my sweet little baby  
Everything I've got, I'll give it to you  
Don't you know that you can't stop love

If you want a diamond ring, don't worry, baby  
Everything I've got, it's coming to you  
Don't you know that you can't stop love

If it's on your mind  
Don't worry, you won't be left behind  
You must know by now that I really want you  
With a love that will always haunt you, baby

You can't stop love when it shows  
And it's showing for you  
You can't stop love when it grows  
And it's growing for you  
You can't keep my love from your door  
No, you can't keep it closed  
And baby, I know that you can't stop love

You know the way I feel, my sweet little baby  
No, I wouldn't steal away from you  
Don't you know that you can't stop love

If it's on your mind  
Don't worry, you won't be left behind  
You must know by now that I really want you  
With a love that will always haunt you, baby

Yes, you can't stop love when it shows  
And it's showing for you  
You can't stop love if it grows  
And it's growing for you  
You can't keep my love from your door  
No, you can't keep it closed  
And baby, I know that you can't stop love

No, you can't stop love  
No, no no, no, you can't stop love...
