

# Cum Easy

Tom MacDonald

You cum so easy  
You cum so easy  
Oh, okay  
Oh shit

I feel young again, shout out to Benjamin Button  
This never gets old so I just keepin comin' a-round  
Yeah, lowercase  
Took a sip from the cup and she don't know the taste  
Ah, I guess I'm gettin' kinda greedy  
Scrooge on that pussy when she got me cummin' easy  
Call me wheezy when we fucking from the weed and heavy breathing  
I can see I'm fuckin' good by the mirror on the ceiling  
Feeling in my mouth, bad bitch on my dick  
Mr. Mac's all grewed up, Mr. Big  
Reppin' Venus, they are from Mars  
I'm not only cummin' easy, I'm also comin' far for a chance to get myself a  
single birdie like a par 4  
And I'm runnin' up the fuckin' wall, parkour  
Cummin' easy and then leaving even quicker cause the spell fade away with th  
e stars and the liquor, uh

You cum so easy  
Tommy, you cum so easy  
Well, maybe if you didn't come around lookin' the way you do, saying things  
that you say, maybe I'd, y'know last a little longer  
Well maybe if I didn't come around it would be better for us  
All I'm sayin' is as long as you keep comin' around and I keep cumming quick  
, we'd still have time for other shit

Pussy came easy ever since I was a kid, had the shoes with the lights on the  
heels, ya dig?  
Now I'm trippin' over nothing like a crack in the sidewalk  
Cummin' as quick as Aunt Jemima at iHop  
But it feels really, shout out silicone  
Cause oh my lord, there's some awfully nice tits at home  
You know I rarely fuck around, I don't like the swing  
And every dancer that I know say the same thing  
I'm just waiting till the night fall, cause everything comes together when t  
he lights off  
Fuck fireworks, comin' with the fireballs  
Leave a pussy smokin' like a motherfucking pool hall  
Real dogs don't talk, Snoopy, they just sit back and watch movies  
And if they came in the group call 'em "groupies"  
Canadian girls, loony

You cum so easy  
I, um, I totally just  
You came?  
What can I say babe? I cum easy  
But what about me?

She make me cum easy, I will never front that  
But I get her around too, call that a comeback  
Stevie Wonder with my heart, I heard that love is blind  
And that explains why it never looks me in the eye  
But it come and it go but when it comes twice it just wants to lock you up,

Miami vice  
Yeah, I bust on the moon like fuck the world  
99 problems. Every single one's a girl  
But it's like what they said ever since a boy, money over bitches if there e  
ver was a choice  
Remote control pussy, if you got it I can turn you on  
Christopher walk in bed, bath and beyond  
Uh, clickin' at the hottest bitch  
Go hard, cum easy, opposites, grewed up but still all dirty  
Came 10 minutes late, four thirty

Uh, those were the best two minutes of my life  
Yeah, you like that?  
I love you Tommy  
It's uh, it's Mr. Mac, um, I love you too baby  
Uh  
You just came?  
She like my unofficial, ha
