

Disgusting

Tom MacDonald

Enough jokes, I'mma leave a butt load of cutthroats
And sluts soaked in blood and guts, I'm cutting out they tongue slow
Bust a nut inside the club, don't give a fuck if cum glows
Shoot everyone who ducks until my lungs choke from gun smoke
Dress up in my mom's clothes, ton of fucking blunts rolled
Chug a couple Rum and Cokes and run 'til I get sunstroke
Get a couple tons of coke and shove it in my busted nose
And stuff you dummies in my trunk, drive drunk until the truck rolls
Take a dump inside a bucket, mix it with your crushed bones
Put it in the oven, serve you supper, call it gumbo
Usher all you punks up to the front row, and chuck stones use trombones
And drumsticks and blunt force to punch holes
The blood flow could flood roads, I don't trip like stubbed toes
You dumb trolls get hung low and punctured with a thrust post
So in love, I'm only tryna fuck hoes in nuns' homes
Took one dose of drugs slow, I'm disgusting, just gross

I'm disgusting
Take a bath in the same tub that's your guts in
Amputate both your legs, then call you Munchkin
Razor blades to your face just like a pumpkin
I'm disgusting, yeah, I'm disgusting
Take a bath in the same tub that's your guts in
Amputate both your legs, then call you Munchkin
Razor blades to your face just like a pumpkin
I'm disgusting

I want a smorgasbord of gorgeous whores to roll with me in stolen Fords
Overweight and open sores and going grey at 44
Break into a morgue and cut up corpses with some golden swords
Then go to court and laugh at the reports while showing no remorse
Download porn while I'm aboard a boat that's in an ocean storm
One hand in my shorts, the other on controls to hold the course
Nuts so big that when I walk, they tore the floor to broken boards
I'm broke and bored, I shop at stores that cost more than I can afford
I'll go to war with bowls and forks and eat their flesh like loads of pork
I'll drink the blood of stoner dorks before it's all no longer warm
Store it so the mould and spores can grow, and when it's old and worn
I'll mix it with toenails and warts and eat it up like bowls of corn
Float ashore and go explore with soldiers who will kill for sport
Ride our horses through the forest, find out where you built your fort
Drop atomic bombs and turn your army to a glowing horde of zombies
Then start chopping off your heads, go for the vocal cord

I'm disgusting
Take a bath in the same tub that's your guts in
Amputate both your legs, then call you Munchkin
Razor blades to your face just like a pumpkin
I'm disgusting, yeah, I'm disgusting
Take a bath in the same tub that's your guts in
Amputate both your legs, then call you Munchkin
Razor blades to your face just like a pumpkin
I'm disgusting

They wonder how I go from family-friendly to the meanest
It's easy, but you probably won't believe it
I sneak into the studio when everybody's sleeping

Mix LSD and weed and meet my demons all in secret
I close a lotta windows, draw the curtains when I know nobody's peeking
Then I roll up the carpet, reveal the pentagram beneath it
I start chanting and repeating, speaking backwards, pupils bleeding
Floating up towards the ceiling, I am not a human being
I pass through the portal in oracle reading
My feelings telepathically speaks to me, telling me that I'm beasting
I feel the demons retreating, I see the Devil, he fleeing
And then when Hell begins to freeze, I make the beats I'm releasing, ya

I'm disgusting
Take a bath in the same tub that's your guts in
Amputate both your legs, then call you Munchkin
Razor blades to your face just like a pumpkin
I'm disgusting, yeah, I'm disgusting
Take a bath in the same tub that's your guts in
Amputate both your legs, then call you Munchkin
Razor blades to your face just like a pumpkin
I'm disgusting
