

# Do Me Wrong

Tom MacDonald

Buddy, I'll be your best friend  
'Til the day that I lay on my deathbed  
I'm your guy for life until I rest in peace  
And this ain't a threat, man  
But everything can change in a second  
And just between best friends, I could be your worst enemy

But I'd help you hide a body down an old back road  
And I'd help you pour gas on the whole front porch  
And I'd lie up on the stand if you ended up in court  
If there's anything you need, that's yours

But if you get caught slippin' and go to jail  
I'll be there in a minute to pay your bail  
But if you start acting different I'll bring you here

If you do me wrong, wrong, wrong, wrong, wrong  
If you do me wrong  
You better be gone, gone, gone, gone, gone  
You better be gone  
If you do me wrong, wrong, wrong, wrong, wrong  
If you do me wrong  
You better be gone  
You better be gone

Partner, I'll be your best bud  
Until the day that they catch us  
25 to life until I RIP  
And this ain't a threat, bud  
But everything can change in a second  
And just between best buds, I could be your worst enemy

And I'd help you rob a bank if the family's going poor  
And I'd help you hide the cash, barricade the front door  
And I'd lie up on the stand if you ended up in court  
If there's anything you need, that's yours

And if you get caught slippin' and go to jail  
I'll be there in a minute to pay your bail  
But if you start acting different I'll bring you here

If you do me wrong, wrong, wrong, wrong, wrong  
If you do me wrong  
You better be gone, gone, gone, gone, gone  
You better be gone  
If you do me wrong, wrong, wrong, wrong, wrong  
If you do me wrong  
You better be gone  
You better be gone

I'm a damn good buddy, I'm a real sweet pal  
I'm a real good friend 'til it all goes south  
I'm a real big problem, I'm mean as hell  
Yeah, your worst fucking enemy if things ain't swell  
I'm a damn good buddy, I'm a real sweet pal  
I'm a real good friend 'til it all goes south  
I'm a real big problem, I'm mean as hell

Yeah, your worst fucking enemy if things ain't swell  
(If you do me wrong)

If you do me wrong, wrong, wrong, wrong, wrong  
If you do me wrong  
You better be gone, gone, gone, gone, gone  
You better be gone  
If you do me wrong, wrong, wrong, wrong, wrong  
If you do me wrong  
You better be gone  
You better be gone
