

Do Ya

Tom MacDonald

(See me in the club)
(See me in the club)
(See me in the club acting like I never knew ya)
(Yeah, yeah)

See me in the club, I'm acting like I never knew ya
You tryna catch my eye but I'm just looking through ya
Y'all wish that you could touch me but I roll with shooters
Y'all don't like me do ya? Y'all don't like me do ya?

Just admit, you're tripping
I'm doing the shit that you did and it's getting to ya
My team is on top of a scene in a city that never cared if they knew ya
The people are talking and every time that they do then my name come out
My record is buzzing
My reputation is like locally famous now
I'm not making no apologies
I never cared what nobody has thought of me
If you don't like what I say then you don't talk me
Rather have no friends than keep them dishonestly
Probably why I'm alone, probably why I left home
It's probably why they all say I'm a dick, the truth hurts and their pain tolerance is low

Y'all be talking crazy 'bout the team
Crazy 'bout the team
Crazy, crazy 'bout the team
Y'all be talking crazy 'bout the team
Crazy 'bout the team
Crazy, crazy, crazy, crazy, crazy

See me in the club, I'm acting like I never knew ya
You tryna catch my eye but I'm just looking through ya
Y'all wish that you could touch me but I roll with shooters
Y'all don't like me do ya?
Y'all don't like me do ya?
See me in the club, I'm acting like I never knew ya
You tryna catch my eye but I'm just looking through ya
Y'all wish that you could touch me but I roll with shooters
Y'all don't like me do ya?
Y'all don't like me do ya?

I can see that you're not happy with me, won't pretend I don't get it, I do
I can feel the tension the minute I walk in and survey the room
I said I'd be bigger than you right away though and that was the truth
Now you're acting like you need more notice before I provide all the proof
I don't know what y'all expected
I cut all these records and now that I'm flexing y'all want me to chill
I ain't gon' chill, I ain't gon' do shit but keep this shit real
I won't apologize, I don't got bodyguards
If you 'bout it come see me, let the problems start
I don't take no for answer unless I'm asking 'bout if they really think they can fuck with us, nope

Hate me, I roll with it
I'm blowing up, there's no limits
I don't listen to no critics

I know best and I'm gon' get it
This is the come up
My goons park and run up
In your crib like what's up
You talk shit, get done up
Y'all be talking crazy 'bout the team
Don't act like y'all surprised when we don't play out in the streets, I told
'em
Y'all been told to chill out with the rumors
But you don't like us do ya?
Y'all don't like us do ya?
Y'all don't like us do ya?
Y'all don't like us do ya?
Y'all don't like us do ya?
Y'all don't like us do ya?
Do ya? Do ya?

See me in the club, I'm acting like I never knew ya
You tryna catch my eye but I'm just looking through ya
Y'all wish that you could touch me but I roll with shooters
Y'all don't like me do ya?
Y'all don't like me do ya?
See me in the club, I'm acting like I never knew ya
You tryna catch my eye but I'm just looking through ya
Y'all wish that y'all could touch me but I roll with shooters
Y'all don't like me do ya?
Y'all don't like me do ya?

See me in the club
Like I never knew ya
Lil' bitch ass motherfucker
Bring me my bottle ya feel me?
We know y'all don't like us but we don't give a fuck
Ha-ha, shit
Whoop
