

Don't Wanna Hear It

Tom MacDonald

I don't wanna hear it if you bringin' drama
I ain't goin' near it if they do the most
I don't wanna hear it if they got a problem
I believe in my people, I don't believe in keepin' enemies close
Don't wanna hear it
I don't wanna hear it
I don't wanna hear it if you bringin' drama
I ain't goin' near it if they do the most
I don't wanna hear it if they got a problem
I believe in my people, I don't believe in keepin' enemies close
Don't wanna hear it

Don't need the drama, I don't, don't, don't
They want me trippin', I won't, won't, won't
Don't wanna hear it, confrontation isn't good for my spirit
Don't need a body on my conscience, got no hours to clear it
Don't wanna fantasize about seein' haters in public
'Cause my temper short as hell and I'll probably do some dumb shit
I've been workin' on my attitude, chill, dawg
Avoidin' all the Ativan pills, dawg
It's a tough grind, got a lot of pride
Got a lot of anger in my soul, and it's stuck inside
Homie, you can take shots, I'ma tuck mine
You only hate me 'cause you hate yourself, and that's a tough life

I don't wanna hear it if you bringin' drama
I ain't goin' near it if they do the most
I don't wanna hear it if they got a problem
I believe in my people, I don't believe in keepin' enemies close
Don't wanna hear it
I don't wanna hear it
Don't wanna hear it
I don't wanna hear it

I mean, I don't really wanna hear it, but I kinda do
Got an anger problem too, gotta be at corp at noon
I just picture all the things my fist goin' through
Hello, you probably gonna see me on the news, like
I don't know, I just smack him 'cause he don't know
The internet is one thing, but real life is so close
Bozo, what you high like the ozone
Keep talkin' that, you get snapped like a photo
Say hello to the bad guy, sad guy
Take prescribed Xanax so I don't snap, guy
I just try to keep it peaceful when I pass by
God forbid you don't end up like the last guy

I don't wanna hear it if you bringin' drama
I ain't goin' near it if they do the most
I don't wanna hear it if they got a problem
I believe in my people, I don't believe in keepin' enemies close
Don't wanna hear it
I don't wanna hear it
Don't wanna hear it
I don't wanna hear it

I don't wanna hear it if you bringin' drama

I ain't goin' near it if they do the most
I don't wanna hear it if they got a problem
I believe in my people, I don't believe in keepin' enemies close
Don't wanna hear it
I don't wanna hear it
Don't wanna hear it
I don't wanna hear it
I don't, don't, don't

I don't wanna hear it if you bringin' drama
I ain't goin' near it if they do the most
I don't wanna hear it if they got a problem
I believe in my people, I don't believe in keepin' enemies close
Don't wanna hear it
I don't wanna hear it
Don't wanna hear it
I don't wanna hear it
