

Eff You

Tom MacDonald

I don't know about you, all I know is, "Kiss my ass"
Middle finger, fuck you, I'm mad
I don't know about you, all I hear is, "Don't do that"
I don't care 'cause my attitude bad

I just wanna have some fun, get a gun
And go shoot it at the people talking dumb
I just really wanna chill, make a mil'
Blow it all on my girl just because, ya
I really hope my haters die
Or go broke if they stay alive
I really hope they pay that price
For the things that they say online, ya

I wanna take a trip back to my hometown
And act like a dick that they don't know now

I don't know about you, all I know is, "Kiss my ass"
Middle finger, fuck you, I'm mad
I don't know about you, all I hear is, "Don't do that"
I don't care 'cause my attitude bad
I don't know about you, all I know is, life is kinda tough
I don't know about you, all I know is, I don't give a fuck, ya
(C'mon...)

I just wanna get some bread with my friends
Find the people who were hating get revenge, ya
I just wanna live in peace, all I need
Is to drink the blood of all my enemies, ya
I really hope my haters die
Super slow in some flames I light
I really hope they pay that price
For the times I ain't sleep at night, ya

I wanna take a trip back to my hometown
Like, "What's new? I'm rich. Don't call me bro, now"

I don't know about you, all I know is, "Kiss my ass"
Middle finger, fuck you, I'm mad
I don't know about you, all I hear is, "Don't do that"
I don't care 'cause my attitude bad
I don't know about you, all I know is, life is kinda tough
I don't know about you, all I know is, I don't give a fuck, ya
(C'mon...)

I wanna take a piss on the people that hurt me
Buy a shovel, dig a ditch, leave the bodies buried
I wanna see the people that I thought were scary
Stab 'em in the throat and watch 'em die

I don't know about you, all I know is, "Kiss my ass"
Middle finger, fuck you, I'm mad
I don't know about you, all I hear is, "Don't do that"
I don't care 'cause my attitude bad
I don't know about you, all I know is, life is kinda tough
I don't know about you, all I know is, I don't give a fuck
(C'mon...)
