Tom MacDonald

Yeah

If you ain't turning up, turn around and get the fuck outta the building  
Ya feel me?

Middle fingers in the motherfucking air, blunts in the air, pinkies in the a  
ir

Let's get it, aye

There's a "No smoking" sign but I light it up  
They tell me I can't drink outside but I done brought my cup  
Told me follow all the rules but I don't give a fuck  
Point the chopper at a copper, shit go bang, bang, bang, bang, bang  
Yeah, I been living in my own world for a minute  
I got choppers, I got bitches, I got no time for the limits  
Free drugs, free drugs  
Free drugs, free drugs

I'm just doing me forever, ain't no rule they make can stop me  
Get too famous to remember y'all, I should buy some bottles  
Tell my soldiers that I copy, roger that, let's catch a body  
All these fuckboys on my dick, I just been tryna get them off me  
I'm just rolling with my mind, fucking bitches  
I'm just rolling with my mind, fuck these bitches  
I been swerving tryna stay between the ditches  
Out the window with a chopper, see a copper, shit go bang, bang, bang, bang,

There's a "No smoking" sign but I light it up  
They tell me I can't drink outside but I done brought my cup

Put my enemies on the guest list to make sure that they get in  
Let my Uzis to the Adam like a speech impediment  
They don't want me dead or alive, they want me dead or want me dead  
So I'm just living twice as much like my mother gave birth to twins  
Put the bottles on the table, we gon' drink 'em  
We been grinding forever and tonight we are not thinking  
Got some pussy hanging out, if you got money then I'll link 'em  
Throwing loonies at some strippers, I got used to throwing singles in LA

There's a "No smoking" sign but I light it up  
They tell me I can't drink outside but I done brought my cup  
Told me follow all the rules but I don't give a fuck  
Point the chopper at a copper, shit go bang, bang, bang, bang, bang

ying 'cause in that case I'll forgive you  
If you're not then I ain't mad, but I'm 'a let the bouncer get you  
And I know you're being bad so don't be mad if we all hate you
