

# Goat

Tom MacDonald

Independent, underrated, other rappers hate it  
Super viral, hella handsome hair's freshly braided  
Mouth is diamonds, middle fingers, getting way too famous  
iPhone buzzing, it's my mama, I tell her I made it  
Way too real to hang with people who are known to fake it  
Swear to God I'd rather drown than swim with sharks I ain't afraid of  
Thank the Lord for what I've got and pray that He protect me daily  
Shoutout to the girls who I forget that used to call me baby  
Life's so crazy, ayy, I don't have no lazy days  
If I'm not makin' cake I'm liftin' weight, no time for playin' games  
I'm no angel, ayy, I have made mistakes  
But even when it's painful I don't ever reach for razor blades  
It's satanic how I'm killin' all the goats  
Call me Pacman 'cause I'm classic and I'm hungry for the ghosts  
Way I move like doin' ballet, yeah, I'm stayin' on my toes  
You don't need no infrared to see the way I glow

(It's satanic how I'm killin' all the goats)

(Woo)

You know how it goes

I've been doin' me, and I swear to do the most

(It's satanic how I'm killin' all the goats)

You know how it go, no one comin' close

I've been doin' me, swear to God, it's satanic how I'm killin' all the goats

Way more bigger than these rappers y'all are fuckin' with (Yeah)

Couple hundred million views, homie, I got tons of hits (Yeah)

Here's the proof, neck is flooded like a busted sink (Yeah)

Gucci new, Louis new, trust me, you can't plug the drip (No)

I'm sure it's super hard to stomach this

I'm the man the younger me would give his life to come up with

Humble kid, bank accounts'll grow so make your stomach sick

Did it on my own, I'm from the bottom like a sunken ship

Life so crazy, ayy

Claim they game but they gon' change

Family gon' stay family, just be happy that the haters hate (Yeah)

Ain't no gravy train, life is full of painful days

Water from my tears will make the ocean for my Navy base (Yeah)

It's satanic how I'm killin' all the goats

Burnin' bread, I smell the toast, maybe I just had a stroke

I'm like Shaq, don't need to jump the ball and reach all of my goals

I'ma pull the fuckin' sword out of the stone

(It's satanic how I'm killin' all the goats)

(Woo)

You know how it goes

I've been doin' me, and I swear to do the most

(It's satanic how I'm killin' all the goats)

You know how it go, no one comin' close

I've been doin' me, swear to God, it's satanic how I'm killin' all the goats

('Bout to be a riot in this bitch)

(I'ma need a hundred Bibles in the bitch, uh)

(Oh)

(There gon' be a riot in this bitch)

(I'ma need a hundred thousand Bibles in this bitch, uh)

(Uh, it's satanic how I'm killin' all the—)
