

Her Room

Tom MacDonald

The way her body looks tonight makes me want to get inside her
head
Her head
The shape her body takes tonight makes me want to get inside her
room
Inside her room

Girl I pay the bills
Just tell me how this feels
I think that love is real
Look at that ass, ugh
Look at that walk, damn
Lookin' at all of these pictures we took that I can't get out of
my head, man
Look at that ass, ugh
Look at that walk, damn
Lookin' at all of these pictures we took that I can't get out of
my head, man

The way she hurts when she sees my face makes me want to get in
side her place
Her place
The way her body is on my mind makes me want to get inside her
room
Inside her room

Girl I pay the bills
Just tell me how this feels
I think that love is real
Look at that ass, ugh
Look at that walk, damn
Lookin' at all of these pictures we took that I can't get out of
my head, man
Look at that ass, ugh
Look at that walk, damn
Lookin' at all of these pictures we took that I can't get out of
my head, shit
