

Last Time

Tom MacDonald

Our life's been crazy
Our life's been wild
Hey Mama, why don't me and you slow down for a while?

I miss when life was boring
Back when this was a dream
We moved to California
And bought a bag of weed
We had nothing but time
And they were good times to me

So here's to the good times
Oh, they were fast times
If I could turn back time
I'd go to that one time
We know it was the last time
So here's to the good times

So here's to the good times
Oh, they were fast times
If I could turn back time
I'd go to that one time
We know it was the last time
So here's to the good times

I don't take vacations
And I rarely smile
Hey Mama, why don't me and you slow down for a while?

I miss when life was simple
Tryin' to make it big
We barely had a nickel
But we had everything
We had nothing but time
But time goes by like the wind

So here's to the good times
Oh, they were fast times
If I could turn back time
I'd go to that one time
We know it was the last time
So here's to the good times

So here's to the good times
Oh, they were fast times
If I could turn back time
I'd go to that one time
We know it was the last time
So here's to the good times

One day, I'll say my life was crazy
Tell stories to my child
Like the days the left the wrinkles deepened by the smile
Once upon a time
Mommy and Daddy were wild

So here's to the good times

Oh, they were fast times
If I could turn back time
I'd go to that one time
We know it was the last time
So here's to the good times

So here's to the good times
Oh, they were fast times
If I could turn back time
I'd go to that one time
We know it was the last time
So here's to the good times
