Life Saver

Tom MacDonald

Used to thing one more drink would be a life saver
Roll a blunt and get high later
Turn it up, annoy my neighbors
Bein' dumb was in my nature
Now I'm grown up, still like "So what?", yeah
Doin' donuts, really go nuts, yeah
Everyday I'm alive baby
I thank God that I made it

Coulda got shot up like Pac was or locked up by cops
But I quit beer and stopped drugs, my girl ridin' shotgun, oh
Coulda been a casualty, I didn't care
My momma proud of me 'cause I'm a millionaire
I got high, hella reckless
Six Bud Lights over breakfast, aye
Had a death wish, aye, I was flexin'
Arrested at the club and then put me on the guest list
Now I'm sober like "Ya"
Every single day, I'm glad it's over, thank God
Used to think I needed one more shot
Glad I didn't have to die for it to stop

Used to thing one more drink would be a life saver
Roll a blunt and get high later
Turn it up, annoy my neighbors
Bein' dumb was in my nature
Now I'm grown up, still like "So what?", yeah
Doin' donuts, really go nuts, yeah
Everyday I'm alive baby
I thank God that I made it

Never had shit, now I do, yeah, oh
Never had drip but I'm flooded in that tub, oh
Yeah, I'll backstab, rather be cutthroat
They hate, but the way they're in a chokehold
You think you know but y'all don't really know me at all
Never saw the nights I didn't have nobody to call
Walk a hundred blocks, nowhere to go so I got lost
I only started rappin' 'cause I needed to talk
Now I'm sober like "Ya"
Every single day, I'm glad it's over, thank God
Used to think I needed one more hit
Glad I didn't have to die for me to quit

Used to thing one more drink would be a life saver
Roll a blunt and get high later
Turn it up, annoy my neighbors
Bein' dumb was in my nature
Now I'm grown up, still like "So what?", yeah
Doin' donuts, really go nuts, yeah
Everyday I'm alive baby
I thank God that I made it
