

Oh My My

Tom MacDonald

I feel like I'm ready to fail tonight
The Jack and Coke is on sale tonight
I feel like I'm ready to bail on life
I'm ready to go to jail tonight
If you promise you'll pay my bail tonight
Give me one more drink
I'mma rob that thing
I'mma be too loud
I'mma do my thing
I'mma trash that bar
I'mma steal that car
I'mma blow every single red light, might not get far
I wanna leave, sick of this trash
I wanna drink, I'mma get smashed
I wanna smoke all of my stash
I wanna blow all of my cash
I wanna run, I wanna fight
Gonna be young all of my life
I wanna put the pedal to the frickin' metal
Wanna go fast tonight

Oh my my, I don't care where I end up tonight
Oh my my, I can't stand up straight but I can fight
Oh my my, I'll forget this night for my whole life
Oh my my, take the wheel Jesus Christ

I feel like I'm ready to fail tonight
Vodka lime is on sale tonight
Feel like I'm ready to bail on life
I'm ready to go to jail tonight
If you promise you'll pay my bail tonight
Give me one more smoke
I'mma leave here broke
Someone hold my beer
I'mma smack that hoe
I'mma trash this town
I'mma burn it down
There's a hundred bottles on the wall still, tryna pass them 'round
I wanna scream, I wanna dance
I threw my phone, both of us smashed
Look at me go into the back
Follow the star into the black
I wanna smoke, I need a light
I'm feelin' low, I'mma get high
I wanna put the pedal to the frickin' metal
Wanna go fast tonight

Oh my my, I don't care where I end up tonight
Oh my my, I can't stand up straight but I can fight
Oh my my, I'll forget this night for my whole life
Oh my my, take the wheel Jesus Christ

Oh my Lord, oh my God
Last thing I remember was a cop
Oh my Lord, I feel awful
I think I need some hair of the dog

Oh my my, I don't care where I end up tonight
Oh my my, I can't stand up straight but I can fight
Oh my my, I'll forget this night for my whole life
Oh my my, take the wheel Jesus Christ
Oh my my, I don't care where I end up tonight
Oh my my, I can't stand up straight but I can fight
Oh my my, I'll forget this night for my whole life
Oh my my, take the wheel Jesus Christ
