

# Soldier

Tom MacDonald

I ain't givin' up  
They can try and tear me down, but that will never be enough  
'Til every bone breaks and I'm covered in blood  
I'ma fight 'til my heart don't pump  
Every night that the light don't come, I'ma rise like I'm the sun  
I'ma grind my knife, I'ma shine my gun  
I'ma dry my eyes, never bite my tongue  
I'ma climb to the heights and I'll strike at dawn  
I'm a soldier loaded, so devoted  
Only focused on the goals I've chosen  
What is most important's forward motion  
I ain't never slowin' down for no more explosions  
On a warship floatin' in the coldest ocean  
Storm rolled in and my clothes are soakin'  
Y'all don't want a war when the snow starts blowin'  
And my hands are frozen to the guns I'm holdin'

I won't give up  
I won't turn around  
Tell them if I ain't enough  
Let 'em shoot me down  
And my whole life I ran from the fight  
'Cause my whole life I lost every time, but  
I won't give up  
I ain't backin' down

I ain't givin' up  
All my time it took too much  
All that grind, I kicked up dust  
Left you behind like, so what?  
I make moves, you ride my wave  
I quit now, you just at wait  
No umbrella, safety's off  
I'ma have to let it rain  
I'm waitin' for the door to open  
On the other side with two guns loaded  
Lookin' at the time like it's almost the moment  
Cross that line, am I off my opponent?  
Condolence, take that L and hold it  
Wave that flag you folded, you know it  
You drownin' in this ocean

I won't give up  
I won't turn around  
Tell them if I ain't enough  
Let 'em shoot me down  
And my whole life I ran from the fight  
'Cause my whole life I lost every time, but  
I won't give up  
I ain't backin' down

Praise the Lord and pass the ammunition  
I ain't givin' up until they kill me or I win it  
If I gotta be a soldier  
I'ma be a soldier  
Praise the Lord and pass the ammunition  
I ain't givin' up until they kill me or I win it

If I gotta be a soldier  
I'ma be a soldier

I won't give up  
I won't turn around  
Tell them if I ain't enough  
Let 'em shoot me down  
And my whole life I ran from the fight  
'Cause my whole life I lost every time, but  
I won't give up  
I ain't backin' down
