

# Superman

Tom MacDonald

Unlocked my phone, and watched the world die  
They're crying to God while they run for their lives  
Blood in the streets, bombs in the sky  
Goodbye

I hope you had dreams come true  
I hope they see in their crosshairs what I see in you  
And I hope and I pray  
'Cause that's all I can do

I don't understand who is good or bad  
They don't care as long as you got oil sands  
We need something fast, we need something bad  
More than guns and tanks, where is Superman?

Oh oh oh, where is Superman?  
Oh oh oh, where is Superman?

I turn on the news and watch the world fight  
Thousands of men making widows of wives  
I'll be home soon, walked off in the night  
Goodbye

I will remember you  
I know it's shoot or be shot and they're men just like you  
But I hope and I pray  
'Cause it's all I can do

I don't understand who is good or bad  
They don't care as long as you got oil sands  
We need something fast, we need something bad  
More than guns and tanks, where is Superman?

Oh oh oh, where is Superman?  
Oh oh oh, where is Superman?

Soon  
You won't need a TV or an iPhone to see because  
You  
Will look out the window and  
Boom!

I don't understand who is good or bad  
They don't care as long as you got oil sands  
We need something fast, we need something bad  
More than guns and tanks, where is Superman?

Oh oh oh, where is Superman?  
Oh oh oh, where is Superman?
