

Thankunothanku

Tom MacDonald

Whoever said that I would make it; you were right about it
It meant so much to me that I had to write about it
I couldn't tell you about how genuinely right it sounded
I chased my dreams and I found 'em at the Eiffel Tower
Yeah, I been in Cali two months, I miss the family too much
I wish that we could do lunch, or wish that we could just smoke
Talk about what we on, or reminisce on the old times we had whe
n I was home
I'll be back around when I'm done and my face tattie done sunta
nned
I'll throw a party, my homecoming been overdue and I love that
I went away and I stayed away
And if my legacy fades away that will prove to me that Vancouve
r was nothing but a phase

I been cheerin' for the Clippers
I got pussy on my face and I got pussy on my fingers
I been, I been, I been sleepin' covered in her love
I been sleepin' covered in her love, and that's thanks to you
But thank you, no thank you, thank you, no thank you, yeah

I don't know how to respond to the compliments without being pr
oud on my accomplishments
I feel like the same people showin' me love are the same people
who were staying anonymous when the majority was still tryna t
o label my music as androgynous
Now they act like I'm lucky that I mans accomplices
That's bullshit, it's all me from evergreens to palm trees
From Ebay to Long Beach I did the work and y'all watched me
Yeah, still I appreciate the well wishes, wishing wells are fil
led with pennies, I threw one in and caused a ripple
Yeah, and now they've turned into some waves and I'm just ridin
' them until I reach an island far away
I can't wipe these scars away, I keep hikin' through the rain
I been fighting with myself, it's like my heart versus my brain
And I'm so grateful for the people who been stuck with me and c
hose to help
At least we'll be together if we ever really go to hell
To the people who said that we should not even try
I have a single word for all of you; die

I been cheerin' for the Clippers
I got pussy on my face and I got pussy on my fingers
I been, I been, I been sleepin' covered in her love
I been sleepin' covered in her love, and that's thanks to you
But thank you, no thank you, thank you, no thank you, yeah
