

There

Tom MacDonald

Go walk around that town, tell me everything that you see
I know I'm far away right now but I wish I could be there
I wish I could be, there (Oh yeah)
Go ride around that town, and be everything you can be
I know I'm far away but you can do it without me there
Do it without me, there

Back in the city where everything started, been avoiding calling it home
I went out and did my thing harder than I'd ever done before all on my own
Nothing is different, I feel like I might've been right here at home all along
Don't make me regret that I chose to come back to y'all after I left it alone
I ain't the same man, I had a game plan, I was confident in it
I ain't your best friend from the west end, I been living in Venice
We ain't gon' fuck now, man I lucked out and forgot about you
Y'all gonna miss me, then diss me for the shit that I do
You're all I know, LA is home
I been so caught up, can't believe that I'm gone
Listening to the rain, I remember that
Listening to the rain, I remember that
You're all I have, I know it's sad
But dinner on Melrose, man everything ends
I'm listening to the rain and I remember that
I'm listening to the rain and I remember that

Go walk around that town, tell me everything that you see
I know I'm far away right now but I wish I could be there
I wish I could be, there
Go ride around that town, and be everything you can be
I know I'm far away but you can do it without me there
Do it without me, there

I ain't the guy that you want in your corner when everything comes down the road
I ain't your pick me up when you are falling, I'm angry, I'm drunk and I'm cold
I ain't your glass house to get smashed out when they cast all the stone
I ain't your cabin where you can escape to to get away from it all
This shit ain't cool, I just want you
I'm out on tour and you're busy with school
Listening to the rain, I always hated that (I hated it)
Listening to the rain, I always hated that
You're all I am, I'll be your man
I will protect you as long as I can
Looking at the rain, I always hated that
Looking at the rain, but I always hated that

One day, one day, one day you'll run away from your hometown
One day, one day, one day your hometown ain't your hometown no more
Like who the fuck are these people, and why the fuck are they talking?

Go walk around that town, tell me everything that you see
I know I'm far away right now but I wish I could be there
I wish I could be, there
Go ride around that town, and be everything you can be
I know I'm far away but you can do it without me there

Do it without me, there
