

# Trapped In Love

Tom MacDonald

Tell me what you want from this  
And I'll give it if I can  
Tell me what your motive is  
And if you have a plan  
Cause you been on that late night, Snapchat, lingerie, holler back  
Tell me if I'm coming through tonight then you gon' run it back  
Then I been on my late night faded, pourin' whiskey and I let it take control of you babe  
Every time you'd holler then my heart skips  
You been there through my triumph and my hardships  
You mean more to me than I have ever meant to you  
And that complicates my actions when you're in the mood  
You phone when you need a man inside of you  
And I all I think about is who that is when I can't drive to you  
You call me crazy and I call back  
We fall in love every time you fall back

And I don't know if you can see how it's affecting me  
I feel trapped in love  
I feel trapped in love  
And I don't know if you can understand how bad it is  
But I'm trapped in love  
I'm trapped in love

Show me where you're going with it  
And I'll take you if you want  
Show me what you're lookin' for  
And I'll be that man because  
You been on that midnight, hit me right, in the club, shutdown  
Didn't find what you were lookin' for, you wanna fuck now  
I been on my roll through, it might be my last chance before I lose you to the city and your new friends  
I'm scared of losin' touch with ya  
I'm jealous of the dudes that tryna fuck with ya  
I'm worried that we'll never fuck again  
Go back to being nothin' more than friends  
I done followed you and let it linger  
I'd always let you slip between my fingers  
I miss the nights you'd sit on my fingers  
And I can smell ya for days

And I don't know if you can see how it's affecting me  
I feel trapped in love  
I feel trapped in love  
And I don't know if you can understand how bad it is  
But I'm trapped in love  
I'm trapped in love

Kiss me where you think it hurts  
And I'll tell you if it does  
And if I feel the fireworks  
I'll know that this is love  
But we been on that fool around, wakin' up to run away, hit you with a message and don't hear back for a hundred days  
And you play it off like nothin'  
And I pretend it don't mean nothin'

And I don't know if you can see how it's affecting me  
I feel trapped in love  
I feel trapped in love  
And I don't know if you can understand how bad it is  
But I'm trapped in love  
I'm trapped in love
