

We Ain't Cowboys

Tom MacDonald

Mama we ain't cowboys, we just brought the wild, wild west back

One day my grandbabies will ask me how the west was once
Sweatin' sweat, bleedin' blood, and Stetsons with our pistols drawn
Smith and Wesson, trigger fingers pressin' sendin' men to Heaven
Poured out all the whiskey, now, it's steady hands to hold the weapons
Two desperados, everywhere we go enemies follow
Our faces hung on posters, coast to coast to Colorado

Yee-haw, swingin' if there's beef until they teeth gone
Ride into the night singin' our theme song

Just a couple kids screwed up, couple rebels to the core
Middle fingers in the air, and the pedal to the floor
Singin', "Ooh-ooh-ooh-ooh-ooh-ooh, ooh"
Just a couple bridges we burned, I don't think we'll ever learn
Every scar that we got, was a trophy we earned
Singin', "Ooh-ooh-ooh-oo-oo-ooh-ooh-oo-oo-ooh, ooh"

Mama we ain't cowboys, we just like the hats
But meet us on a country road, and boy we'll beat your ass
We ain't ridin' horses, we ain't livin' on a ranch
'Cause mama we ain't cowboys, we just brought the wild, wild west back

They'll paint us as heroes, and stories to their kin
Will know of us as legends, not what we did to win
They can hate it, but we made it, hotter than jalapenos
Wanted us dead or alive, it's ride or die with my amigos
Renegados, out here tossin' lassos at a Lambo
The power of a thousand horses underneath Durangos

Yee-haw, swingin' if there's beef until they teeth gone
Ride into the night singin' our theme song

Just a couple kids screwed up, couple rebels to the core
Middle fingers in the air, and the pedal to the floor
Singin', "Ooh-ooh-ooh-ooh-ooh-ooh, ooh"
Just a couple bridges we burned, I don't think we'll ever learn
Every scar that we got, was a trophy we earned
Singin', "Ooh-ooh-ooh-oo-oo-ooh-ooh-oo-oo-ooh, ooh"

Mama we ain't cowboys, we just like the hats
But meet us on a country road, and boy we'll beat your ass
We ain't ridin' horses, we ain't livin' on a ranch
'Cause mama we ain't cowboys, we just brought the wild, wild west back

You can wear the boots, and you don't need a ranch
You can wear your hat real low to a cowboy dance
You got moves, partner you're the man
Rockin' in your wife-beater with your farmer's tan

Mama we ain't cowboys, we just like the hats
But meet us on a country road, and boy we'll beat your ass
We ain't ridin' horses, we ain't livin' on a ranch
'Cause mama we ain't cowboys, we just brought the wild, wild west back
Mama we ain't cowboys, we just like the hats
But meet us on a country road, and boy we'll beat your ass

We ain't ridin' horses, we ain't livin' on a ranch
'Cause mama we ain't cowboys, we just brought the wild, wild west back
