

# Ghost Of A Shark

Tom McRae

I'm gonna leave any minute  
See the skyline disappear  
Head out of the city  
Burn my clothes bury my fears

Oh you will never know I was here

Tell me now is there difference  
Between a shark and the ghost of a shark  
'Cause all I have are secrets and memories of the dark  
Oh rip away the skin burn my heart

I'm gonna leave any minute  
Another skyline disappears  
Sunlight in the mirror  
Blinding me all these years  
Oh am I coming back  
I'll never leave  
Oh am I coming back  
I'll never leave
