

# Change

Tom Misch

I'm intoxicated by the way you thinking  
How could you be so indifferent, so indifferent  
So indifferent, so indifferent  
I'm intoxicated by the way you thinking  
How could you be so indifferent, so indifferent  
So indifferent, so indifferent

Said you've heard it before now  
And the first time  
That somebody said it  
Somebody did it  
Somebody aksed you  
For a change, for a change

What's going on now?  
What's going on now?  
Need a change, need a change  
You need a change, you need a change

I'm intoxicated by the way you thinking  
How could you be so indifferent, so indifferent  
So indifferent, so indifferent  
I'm intoxicated by the way you thinking  
How could you be so indifferent, so indifferent  
So indifferent, so indifferent

Said you've heard it before now  
And the first time  
That somebody said it  
Somebody did it  
Somebody aksed you  
For a change, for a change

What's going on now?  
What's going on now?  
Need a change, need a change  
You need a change, you need a change

Said you've heard it before now  
And the first time  
That somebody said it  
Somebody did it  
Somebody aksed you  
For a change, for a change

What's going on now?  
What's going on now?  
Need a change, need a change  
You need a change, you need a change

You need a change
