

## Disco Yes

Tom Misch

I want to stay, but I need to go  
I want to be the best for you  
But I just don't know what to do  
'Cause baby, yes I've cried for you  
The time that we have spent together  
Riding through this English weather

And as the pressure builds  
So does the tension between you and me  
Time has gone so fast  
Watching the leaves fall from our tree

Baby, I just want you to know  
I still love you, love you, love you, love you, love you, love  
you... uh uh

And the grass is always greener on the other side  
Maybe you should come and take a trip sometime  
Oh you seem keener when they turn to night  
But you tripping out your mind  
Baby, tell me it's a sign

As the pressure builds  
So does the tension between you and me  
Time has gone so fast  
Watching the leaves fall from our tree

Baby, I just want you to know  
I still love you, love you, love you, love you, love you...
