

Invincible

Tom Misch

I can tell this is a miracle
In your world I feel invincible

Remember how you looked when we met
You still have this effect
You are so incredible (credible)

I didn't know what to say
As the hours fell away
Our love is unmissable (missable)

I can tell this is a miracle
'Cause in your world I feel invincible
I can tell this is a miracle
'Cause in your world I feel invincible

Even though we go high we go low
We still find our way home
You know that you're all I need (all I need)

'Cause every time our lips touch it's so divine
It's like you're leaving my worries behind
I wanna give you all of me (all of me)

I can tell this is a miracle
In your world I feel invincible
'Cause I can tell this is a miracle
'Cause in your world I feel invincible

I feel invincible
