

Sunshine

Tom Misch

Cause you know girl
That every little thing you do
Even when I'm feeling blue
Oh, It makes me smile

As we going through some stormy weather
Bless the fact we still move together
Cause I know we'll find the light on the other side

Cause we'll be just fine
If we take our time
Let the sun shine
Cause we'll be just fine
Cause we'll be just fine
If we take our time
Let the sun shine
Cause we'll be just fine

Even when I'm going underwater
I can breathe just fine
Cause you got me in my prime girl
And it feels so good

As we going through some stormy weather
Bless the fact we still move together
Cause I know we'll find the light on the other side

Cause we'll be just fine
If we take our time
Let the sun shine
Cause we'll be just fine

Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine
Let the sun shine

Cause we'll be just fine
If we take our time
Let the sun shine
Cause we'll be just fine

Cause we'll be just fine
If we take our time
Let the sun shine

Cause we'll be just fine
Just fine
Just fine
