

# Your Love

Tom Misch

Hear me now, I'm sober out  
If you want it, then I'm down  
Here and now, we bless the sound

Feeling right, so hold tight  
You and I darling, it's so fine  
Feeling right, you can't deny  
Your love is, your love is mine

Never letting go, let's purify  
Take a look and feel the sunshine  
Still floating high, we sway at night

Your love is, your love is mine [x3]

You and I darling, it's so fine  
Feeling right, you can't deny  
Your love is, your love it's mine

Never letting go, let's purify  
Take a look out for you, the sunshine  
Still floating high, we sway at night
