The Waiting

Oh baby dont it feel like heaven right now Dont it feel like somethin from a dream Yeah Ive never known nothing quite like this Dont it feel like tonight might never be again We know better than to try and pretend Baby no one could have ever told me bout this

The waiting is the hardest part Every day you see one more card You take it on faith, you take it to the heart The waiting is the hardest part

Well yeah I might have chased a couple of women around All it ever got me was down Then there were those that made me feel good But never as good as I feel right now Baby youre the only one thats ever known how To make me wanna live like I wanna live now

The waiting is the hardest part Every day you see one more ca rd You take it on faith, you take it to the heart The waiting is the hardest part

Dont let it kill you baby, dont let it get to you Dont let em kill you baby, dont let em get to you Ill be your breathin heart, Ill be your cryin fool Dont let this go to far, dont let it get to you **Tom Petty**
