

Duncannon

Tom Robinson

After a month here out of the country
Thought I'd go up the wall
Twisted and turning
Can't stop the burning
It isn't any better at all
(Drove me over the wall...)

So I'm stood at a slip road
Tired and unshaven
Next day at quarter to three
Left all the troubles
So far behind me
I know where I want to be

I... wanna see, wanna see Duncannon
I... wanna see, wanna see him

Found the name in a phone book
Major obsession
A mile away in the rain
Out of the darkness
Psychotic schoolboy
Watching your window again
(Looks like nothing has changed...)

I... wanna see, wanna see Duncannon
I... wanna see, wanna see him
