

Tomboy

Tom Robinson

Call me crazy, I don't mind
I'm all shook up but I'm feeling fine
What's been has been, I ain't ashamed
If I had time I'd do it again
But I've met someone I want so
I need to leave the devil I know
She's a motorcycle rider
I don't know anybody like her
She's a teaser and a fighter
And I've got to get beside her

Tomboy... I want you (I want you so badly)
Tomboy... I want you (I want that Tomboy)

Be my sister, be my brother
Love me like no other lover
She's a demon and a tiger
I don't know anybody like her
She's a teaser and a fighter
And I've got to get beside her

Tomboy... I want you (I want you so badly)
Tomboy... I want you (I want that Tomboy)

Lived all my life with a wandering eye
Happy to be that way
Never imagined I'd finally find
Here I would stay

Tomboy... I want you (I want you so badly)
Tomboy... I want you (I want that Tomboy)
