

## Morning O

Tom Rosenthal

It's nice in the morning oh  
It's nice in the morning  
I've got butter on my bread  
I've got thoughts in my head

It's nice in the morning oh  
It's nice in the morning  
I've got the sun on my toast  
Got the sun on my toast

Whatever this day may hold  
Let it hold me with you

It's nice in the morning oh  
It's nice in the morning oh  
The quiet is the king  
The breeze it does sing

You're nice in the morning oh  
You're nice in the morning  
You gaze into your brew  
Oh the morning was built for you  
For you

Whatever this day may hold  
Let it hold me with you  
Whatever this day may hold  
Let it hold me with you

It's nice in the morning oh  
It's nice in the morning  
We got laughter on my face  
You've got smiles on your face  
We've got morning all over this place
