

Same Time

Tom Rosenthal

I hate it when I know and I don't know, same time

I hate it when I know and I don't know, same time
I hate it when I know and I don't know, same time

I am what I said, I meant what I said
But I don't know what I just said
I am what I said, I meant what I said
But I don't know what I just said

I hate it when I know and I don't know, same time
