

You Only Need You

Tom Rosenthal

Can you be my friend tonight?
My day is gone, my body light
Can you take me as I am?
A heavy soul, a hopeful man

Hey-ey-ey, will you wander here some day?
Will you turn up unannounced with some new things you want to say?

Can you, hold me to my word?
My nights are cold, my memories blurred

Wo wo wo, will you laugh when I am slow?
You'll get me if you need me and you'll be fine if you don't

You said it was arranged by love
You have a lot of love to give out
You're gonna see the highs and the lows
The kingdom knows, the mind will doubt
You're gonna see it on your way
A great foray lies before you
You won't need me
You only need you

Will you remember what I said?
Make your own world, make your own bed

Hey-ey-ey, will you wander by some day?
Will you be here in the evening? Will you be here when it's late?

You said it was arranged by love
You have a lot of love to give out
You're gonna see the highs and the lows
The kingdom knows, the mind will doubt
You're gonna see it on your way
A great foray lies before you
You won't need me
You only need you
