

Beautiful Feeling

Tom Speight

Dreaming of a time
Leaving that shadow behind
I won't look back you said
'Cause trouble always rears its head

And here we go
Travelling at the speed of light
I want you to know
If you want to run
Take my hand I'll be the guide

Just show me that green light tonight
Give me that beautiful feeling
Be my live wire, ignite
Give me that beautiful feeling
Beautiful feeling
Give me that beautiful feeling

Running out of time
Waiting on a peace of mind
I won't let go you said
'Cause the future is right ahead

And here we go
Travelling at the speed of light
I want you to know
If you want to run
Take my hand I'll be the guide

Just show me that green light tonight
Give me that beautiful feeling
Be my live wire, ignite
Give me that beautiful feeling
Beautiful feeling
Give me that beautiful feeling
Beautiful feeling
Give me that beautiful feeling

If you wanna run
Take my hand I'll be the guide

Just show me that green light tonight
Give me that beautiful feeling
Be my live wire, ignite
Give me that beautiful feeling
Beautiful feeling
Give me that beautiful feeling
Beautiful feeling
Give me that beautiful feeling

Beautiful feeling
