

# Closer

Tom Speight

Come a little closer  
Won't you stay the night?  
Move a little faster  
'Cause we'll hold on tight  
The sea is gonna rise up  
And the moon will fall  
Maybe in the morning there'll be nothing at all

If the world was ending  
And the stars were fading fast  
Who would you be holding, close?  
If the world was ending  
I would dive into the past  
Pick it up and turn it 'round  
To make this love last

Come a little closer  
Won't you stay the night  
Tell me all your secrets  
And I'll tell you mine  
'Cause I'm not going anywhere  
You can have my word  
Maybe in the morning  
There'll be a beautiful world

If the world was ending  
And the stars were fading fast  
Who would you be holding, close?  
If the world was ending  
I would dive into the past  
Pick it up and turn it 'round  
To make this love last

If the world was ending  
And the stars were fading fast  
Who would you be holding, close?  
If the world was ending  
I would dive into the past  
Pick it up and turn it 'round  
To make this love last
