

Higher

Tom Speight

One, two, three, four

Something in the way, the way
The way that you love me
Something in the way, the way
The way that you care

Oh baby, don't you cry
Don't say it's alright for me

'Cause you're always takin' me higher
You're always giving me love, love
You're always takin' me higher
It's you, oh you

Taking me higher
Taking me higher

Something in the way, the way
The way that you help me
Something in the way, the way
You give it away

Baby, take me home and lay me down tonight

'Cause you're always takin' me higher
You're always giving me love, love
You're always takin' me higher
It's you, oh you

Taking me higher
Taking me higher

'Cause you're always takin' me higher
Always giving me love
'Cause you're always takin' me higher
It's you, oh you

Taking me higher
Taking me higher
