

Let Go

Tom Speight

We used to stay up all night
Now I'm sleeping on my own
It just doesn't feel right
I used to walk by your side
Now I'm walking home alone
Since you left me behind

I can't let you go oh oh oh
I can't let you go oh oh oh

So tell me do you love me
Don't go
You treat me like a stranger
You know
Sometime it gets so lonely
It hurts
Just break my heart cause silence
Is worse
I can't let you go oh oh oh
I can't let you go oh oh oh

So take me back to New York
See the memories on my phone
Tangled hands in the snow
We used to share the same dreams
Now they're tearing at the seams
Since you left me behind

I can't let you go oh oh oh
I can't let you go oh oh oh

So tell me do you love me
Don't go
You treat me like a stranger
You know
Sometime it gets so lonely
It hurts
Just break my heart cause silence
Is worse
