

Love & Light

Tom Speight

You were a mystery
I'd close my eyes and fall asleep
You'd try so hard to hide the world from me
You always covered up your scars
A slight of hand you played guitar
I know your heart was breaking every time

And I, loved the walk home from school
Cause I, never gave up on you

So fly, fly to love and light
Show the world you won't give up without a fight
So come on fly, fly back home tonight
Oh Cathy won't you wipe those tears from your eyes
To love and light
To love and light

You burned so fast you fade away
Teenage dream I saw you break
I watch you hide your pain from everyone
But it makes me proud to see you now
With all your kids gathered round
You've come too far to turn back now

And I, loved the walk home from school
Cause I, never gave up on you

So fly, fly to love and light
Show the world you won't give up without a fight
So come on fly, fly back home tonight
Oh Cathy won't you wipe those tears from your eyes
To love and light
To love and light
To love and light
To love and light

So fly, fly to love and light
Show the world you won't give up without a fight
So come on fly, fly back home tonight
Oh Cathy won't you wipe those tears from your eyes
To love and light
To love and light
