

# Willow Tree

Tom Speight

Hold me close, love of mine  
Promise me that there's always time  
Still a place for me by your side  
Like a willow tree, intertwined

Our roots grow close  
Cause you're the one I need the most  
I hope you know  
You're the one I need the most

And as the seasons roll on by  
Please remember the reasons why  
You and I are two of a kind  
Like a willow tree, intertwined

Our roots grow close  
Cause you're the one I need the most  
I hope you know  
You're the one I need the most

Like a willow tree each year we'll clean to every leaf  
As long as we are near we'll have no fear is my belief  
You're the only one I need to hold me close  
You're the one I need the most  
I hope you know  
You're the one I need the most

Our roots grow close  
You're the one I need the most  
Our roots grow close  
You're the one I need the most  
Our roots grow close  
You're the one I need the most  
Our roots grow close  
You're the one I need the most  
Our roots grow close  
You're the one I need the most  
Our roots grow close
