

# Survive

Tom Vek

And we will survive  
And we will survive  
And I will take great steps  
And it will be proved right

And we will survive  
And we will survive  
And we can trust ourselves  
And to win that fight

I know its hard to feel stuck in place  
But it isn't you, it's decreasing ground  
Sometimes no one seems to talk in place  
But everyone has life, so shine in its face

And we will survive  
And we will survive  
And we are the beautiful  
Just by being alive

And we will survive  
And we will survive  
And we are blessed with  
Our children lives

I know its hard to feel stuck in place  
But it isn't you, it's decreasing ground  
Sometimes no one seems to talk in place  
But everyone has life, so shine in its face
